

AI SHARK TANK PITCH REPORT

Generated: 8/12/2026

healthinsurance AI

Asking: \$200,000 for 10%

TARGET AUDIENCE

small business owners aged 25-50 years

PROBLEM

Top 10 Customer Pain Points

- ❑ Employees don't know who is currently covered under their plan without c
- ❑ Dependent aging out (26) is discovered too late, causing claim denials or
- ❑ Disabled-dependent recertification deadlines are easy to miss and rarely
- ❑ HR/benefits teams are flooded with repetitive, low-value enrollment statu
- ❑ Employees distrust their own understanding of what's active vs. lapsed
- ❑ Life-event changes (marriage, birth, divorce) create enrollment confusion
- ❑ No single, trusted, always-available place to check enrollment status
- ❑ Fear of privacy/security when sharing dependent or health-plan info
- ❑ Open enrollment periods create a spike no team can staff for
- ❑ Compliance risk and audit exposure when eligibility isn't proactively mana

SOLUTION

we will build an employee-authenticated chat agent (verified via employee ID + basic identity check) that answers two things reliably: (1) "What is my current enrollment status, for me and my dependents?" and (2) "Is anything about to expire?" — surfacing dependent age-26 and disability-recertification deadlines proactively.

REVENUE MODEL

using advertisements, capturing local markets, networking and marketplace
